# Part A: Pupil premium strategy plan

## Statement of intent

Pupils at Eccleston Lane Ends Primary School will make expected progress in reading, writing and maths, through quality first teaching and increased opportunities for reinforcement of learning at home. We aim for disadvantaged pupils to have access to a wide range of interventions in school to assist in removing any barriers to learning.

We will provide an intensive pastoral support service for pupils, identified by school as vulnerable or in need. We will aim for disadvantaged pupils to develop their language and communication skills and for them to become competent readers.

We will facilitate pupils accessing a wide range of enrichment experiences both in and out of school, which will positively impact on the children's academic achievement and well-being.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Many of our pupil premium children also fit into another vulnerable group such as having an additional special educational need.
2	May of our pupil premium children have poor oral language and communication skills.
3	Some of the families of our pupil premium children are not as engaged in their children's learning as those who are not pupil premium.
4	Many of our pupil premium children do not have the same rich and varied experiences as non-pupil premium children impacting on their academic achievement.
5	Many of our pupil premium children need to continue to access additional well-being opportunities to support social, emotional and mental health needs.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils make at least expected progress in reading, writing and maths	<ul style="list-style-type: none"> <li>Gaps will close in progress made between PP and non PP.</li> </ul>
Pupils access a wide range of interventions to meet their SEND needs, including speech and language.	<ul style="list-style-type: none"> <li>As their SEND needs are being addressed, PP pupils make expected progress or exceed their targets set in RWM.</li> </ul>
Pupils attendance is as high as non-pupil premium pupils.	<ul style="list-style-type: none"> <li>PP pupils attendance is at least 92%. PA for PP pupils is at least below local and national averages.</li> </ul>
Pupils access a wide range of enrichment experiences both in and out of school.	<ul style="list-style-type: none"> <li>A wide range of extra-curricular activities will be offered to tap into our children's passions.</li> <li>Discounts in line with our charging policy will continue to apply to pupil premium families for all enrichment opportunities to include trips and visits, music lessons and residential etc.</li> </ul>
Pupils social and emotional skills are not a barrier and allow them to engage fully with their learning.	<ul style="list-style-type: none"> <li>Pupils who have been identified as being vulnerable or in need will access individual pastoral support.</li> <li>Pupil surveys reflect enjoyment in school and improved attitudes to learning.</li> <li>Social skills, independence, perseverance and teamwork are developed.</li> </ul>

## Activity in this academic year

# Part B: Review of outcomes in the previous academic year

## Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

**Outcome A – Pupils make at least expected progress in reading, writing and maths.**

**Reading progress Key Stage 2** – 4 out of 4 PP children in Y6 made expected or better progress. Average progress measure was +1.29.

**Writing progress Key Stage 2** – 4 out of 4 PP children in Y6 made expected or better progress in Writing. Average progress measure was +1.02.

**Maths progress Key Stage 2** – 3 out of 4 PP children in Y6 made expected or better progress in Maths. Average progress measure -0.79.

**This needs to continue to be a target moving into 2023-24 to ensure that this standard is maintained.**

**Outcome B – Pupils access a wide range of interventions to meet their SEND needs, including speech and language.**

PP pupils are a focus for intervention programmes and are discussed as a priority during pupil progress meetings. The progress of children accessing intervention programs is closely monitored and recorded on Tapestry. In weekly briefings with the class teacher, learning assistants discuss and inform on progress and plan the next steps. These outcomes are also regularly shared and monitored by the SENDCo.

**Outcome C – Pupils attendance is as high as non-pupil premium pupils.**

Attendance for pupils in receipt of PP was 94.9% this was slightly below pupils who were not in receipt of PP who had a figure for 2022-23 of 96%. The figure of 94.9% was also 3.7% above national attendance data (91.3%) for children in receipt of pupil premium. This continues to be of a high priority to ensure that children in receipt of pupil premium are in school as much as possible to maximise their learning potential. Where appropriate, breakfast clubs are funded to ensure that pupils are in school on time and ready to start the day.

**Outcome D – Pupils access a wide range of enrichment experiences both in and out of school.**

Pupil premium funding has allowed our PP children to access a range of extra-curricular provision including ukulele lessons, yoga/mindfulness club for wellbeing, school trips, visits and residential meaning that they have access to the same opportunities as other pupils. 2023-24 academic year sees access to after school clubs as a priority for PP children.

**Outcome E – Pupils social and emotional skills are not a barrier and allow them to engage fully with their learning.**

DESTY continues to have a really positive impact upon our PP children, meaning fewer behavioural incidences and friendship issues amongst our PP children. There is an open

door policy for pastoral support meaning that any child can access support at any time. 57% of children (17/30) identified as PP accessed small group/individual pastoral support in the form of DESTY, Lego Therapy or other emotional resilience support.

All of our PP children accessed the Yoga/Mindfulness wellbeing club – designed to support them with strategies for emotional regulation and positive mental wellbeing.

Families of some of our PP children have also accessed pastoral support and been directed to external agencies etc.
