

## Chapter Sequencing

Put these events in the order in which they happened in the story, numbering them from 1 to 5. The first one has been done for you.

Ben saw a shocked woman staring down at him.

1

Ben thought he must have banged his head because he thought he was seeing things that weren't really there.

The woman talked to Ben about the machine she had invented.

Every time Ben tried to speak, all he could hear was Rocky's barking.

Ben noticed that the woman smelt strongly of ham sandwiches.
